## Care and Share

To our Lions family,

Bob and I would like to thank everyone for your kind words and prayers regarding the recovery of our grandson Everett. Most of you know that he was run over while driving his motorcycle by a young woman who ran a red light at high speed on November 7. Everett, 19 years old, attends aeronautical college in Melbourne, Florida. He was placed on ventilator and immediately in surgery for a right thigh wound, shattered left arm, and small brain bleed. Fortunately, his spine was spared and the helmet he was wearing took the brunt of the trauma.

I flew to Florida and was the first to arrive the morning of November 8. Our son Matthew (his dad) lives in Hawaii and arrived the evening of November 8th with his Mom landing late that night returning from vacation in the Dominican Republic.

After several surgeries to his leg and arm, his brain bleed resolving, he was taken off the ventilator Sunday November 9th. It took until Monday, November 11, for Everett to show any resemblance of the Everett we knew.

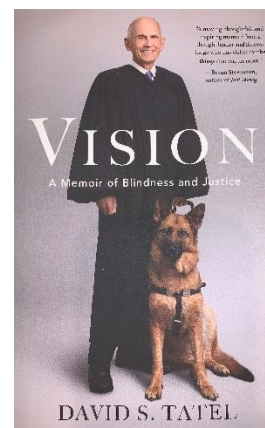

I am grateful to be able to say that Everett had several more surgeries and has just returned to his fraternity house and is working with physical therapy. He has a long road ahead and it seems that he should recover well enough to still pursue his dream of being a pilot and aeronautical engineer.

The Surgical Intensive Care Unit staff at Holmes Regional Trauma Center was amazing and supported not only Ev, his girlfriend Amy and his family but all of the fraternity brothers that stayed with us in the Intensive Care waiting room 18-20 hours per day.

We could not have held it together without our Lions family. I am home now and back at work. Please be patient, as I am so far behind on my Lions commitments. Plan is to catch up this weekend.

With a grateful heart,  
Lion Nadja Muchow
