SERVICE WITH 2020 VISION

July 2020

DISTRICT GOVERNOR'S MESSAGE

I am learning that being a district governor during a pandemic is going to be a big challenge this Lions fiscal year. **We face** many obstacles as we attempt to serve safely and to communicate with our fellow Lion members. **We need** to find alternative fundraisers which can still bring in some funds while we are unable to conduct large group fundraisers in our communities. **We need** to find the means to communicate with our members during this pandemic, learning to conduct virtual meetings both video conferences and teleconferences and also outdoor meetings. I am **encouraging** you to keep our members close at hand, happy, engaged and satisfied to retain them as members during this pandemic. **Unfortunately**, we are already down by 24 members since July 1. We added 9 new members, but we dropped 33, (5 are deceased) with a closing balance of 1775 Lions in District 22W.

We can change this if we all work together to keep our members happy and to reach out to our friends, families, colleagues, and neighbors to join our clubs. Special thanks to the Clear Spring Lions Club, Deep Creek Lions Club, Mt. Airy 4 County and the Williamsport Lions Club for bringing in new members. The Carroll Manor-Urbana Lions Club has been disbanded by LCI due to inactivity. We now have a total of 56 Lions Clubs and one Lioness Club.

I made five DG Official Visits in July: Thurmont, Grantsville, Boonsboro, Terra Rubra and Taylorville-Winfield and also installed club officers for Thurmont, Grantsville, Hancock Lioness-Lions by Zoom and Williamsport Lions Clubs. Three of the visitations were indoors while the remainder were outdoors. I inducted a new member for the Williamsport Lions Club. Thank you to each club for their hospitality during the visits to me and Cabinet Secretary Susan and Cabinet Treasurer Forrest and for the clubs' dedication to Lionism. As I travel around the district, I am recognizing Lions who are "**Soaring to New Adventures**" by becoming first-time club officers and first-time cabinet officers and committee chairs. Their names will be printed each month in the district newsletter.

GLT Lois Conrad has been very busy organizing our Club Officer Training sessions at Allegany Community College on August 29th and at Terra Rubra for September 12th and 19th. Refer to the Weekly News for more details. **Please consider attending these sessions, even if you had attended the training in the past.** There is always something new to learn. A special thanks go to the Terra Rubra Lions Club for their assistance in providing the use of their building for the training sessions in September. If you cannot attend a training session, please go online to take the training classes on the LCI website.

Our roster books are in the process of being distributed to the clubs. Special thanks go to CS Susan for all the time that she spent in updating the roster book and organizing their distribution throughout the district. Clubs should send a representative to the cabinet meeting to pick up their books.

For club and cabinet officers who are checking out "MyLCI" on the LCI website, please have some patience as there is a delay in posting information. I was told by a staff member in Member Services that the staff has not returned to the LCI Headquarters and are generally working remotely at home. The financial system has been updated and the staff is still learning how to operate it.

The 1st cabinet meeting is scheduled for August 1st at the Rocky Gap Park at 10 am. We will be meeting outside with masks and social distancing. Toilets are available. Even though it is too late to order a meal, you can still come with your lawn chair and join the meeting with your mask. We would love to have you.

FIRST VICE DISTRICT GOVERNOR'S MESSAGE**“KINDNESS IN ACTION”**

Welcome to August and another month of Lions service. We are still adapting to life and service under COVID, seeking new ways to meet, provide member satisfaction, and even recruiting new members. The challenges are daunting but NOT insurmountable. We need to be creative in creating new ways to “resume” what we do as Lions. There are numerous resources available to provide ideas on how to manage club activities. Check out the LCI website for possibilities or check out the weekly update from CS/PDG Susan Bonura or the district newsletter sent out by Lion Phyllis Thompson for examples of how district clubs are managing club and board meetings and conducting service activities during the pandemic. If your club is finding it difficult to meet and conduct service activities call another club president and/or secretary to find out what they are doing. We are all in this together and together we can accomplish remarkable things!

Here are some examples of how Lions service and meetings are still happening. Zoom meetings have become one of the best ways to meet and conduct business. My home club has been conducting regular club meetings via Zoom and holding in person board meetings (outdoors with face masks and practicing social distancing). On the district level, DG Barbara, SVDG Nadja, and I have been conducting monthly Zoom meetings to discuss district business. DG Barb also conducted a District GAT meeting via Zoom so we are able to move forward with her plans and goals for the District. I also participated in the LVRF Retreat and Quarterly meeting along with the LYF Retreat and meeting via Zoom which saved time and travel. Of course, it was great to attend an in person meeting in attending the Grantsville Lions installation of officers and DG Barb’s official visit to that club. On the service front, I participated in the LaVale food collection and US flag giveaway on July 4. It felt great to be part of an activity that was helping others.

Recruiting and inducting members may seem to be virtually impossible these days but I would suggest that this may be the best time to do so. Many folks are still sheltering at home perhaps with little to do. Why not engage them in some simple, at home service projects such as creation of greeting cards for assisted living and/or nursing home residents or other similar simple projects. The folks who reside in those facilities are very lonely these days as many are not able to interact with family and friends. They would appreciate a card or note to brighten their day. Think of some of the projects conducted during *Roar Like A Lion* (dog toys, rock painting, etc.) and enlist potential members to assist with the completion of those projects. Seeing how Lions serve, even on the simplest levels, can be a wonderful way of recruiting new members. Finally, don’t let potential members slip through the cracks because we are unable to conduct “formal” new member inductions. Invite them to your club Zoom meetings and conduct the induction virtually. You can present them with their Lion’s pin later when you are able to gather later.

SVDG Nadja and I will be announcing the first of the Vice District Governors’ Service Challenge at the first Cabinet meeting on August 1. We will be focusing on providing assistance to the homeless during the year. **The first project** will be the **collection and donation of new or slightly used single bed blankets and new pillows** for the various shelters in our district. We have contacted four agencies that provide service to the homeless and all are more than willing to accept the blankets and pillows. There is a critical need for these items and here is a simple but effective way to serve others. **The club collecting the most blankets and pillows will receive \$100.00. See the weekly update for more information.**

Some clubs have been holding either a Zoom Meeting or an outdoor meeting at times. You will have to check with each individual club to see which mode they will be using when you plan to make a visitation. Ask them if you may join their Zoom mtg. Have a club secretary send you an email with the names of the club members to confirm that your club members participated in their Zoom meeting. This will count toward the Club Visitation Award. "KINDNESS IN ACTION"
BLANKETS AND PILLOWS FOR OUR HOMELESS

The agencies that provide services for the homeless in our five-county service district need **blankets and pillows** as they prepare to open cold weather shelters for the upcoming winter season. For those shelters providing ongoing housing the need for either new or used single bed blankets and new pillows is never ending. This is a great way to complete a simple act of kindness and instill a sense of service for our Lions members.

Lions can donate new or gently used clean single bed blankets and new pillows to our homeless shelters, get a signed receipt (page 2) for the number of blankets and pillows donated and submit the receipts to either FVDG Charlie or SVDG Nadja at or before the Second Cabinet Meeting on November 7. We have already contacted the various county agencies listed below and they are eager to accept what we donate. You may also use other facilities that will accept blankets and pillows on behalf of the homeless. The club donating the most items will be recognized with a \$100.00 cash prize from the District.

Within our five counties there already exists a number of homeless and the number of persons seeking assistance is increasing each month. Winter is especially hard for those unable to secure shelter. The need is there – here is our opportunity to respond and serve.

You may use any facility in our district that will accept items for the homeless or any of the following agencies which will accept blankets and pillows for the homeless:

Marketing Communications Chairperson Guide

Get Ready for Your Role

As the marketing communications chairperson, you play a dynamic lead role in your club. In this exciting position, you'll inspire and motivate new and current members, increase your club's visibility in the community and increase the impact of your projects and membership initiatives.

Get ready to meet new people and use your creativity to keep your community informed and engaged in all the great things your club is doing.

Three Steps to Success

No one knows your club better than you. Here are three ways you can promote the key activities of your club.

1

Shine a light on your service

Lions are built to serve. Be sure to let the community know about your service projects, fundraisers and community events. This will help people understand who you are, what you do, and why they should join you in service.

QUICK TIP

- ▶ When planning an event, think about how you'll promote it before, during and after the event.

2

Tell your stories

Lions have the greatest stories on earth. Storytelling is a powerful way to help people understand your club and all the good you are doing for those in need. Authentic human experiences help people connect on an emotional level and inspire change.

QUICK TIP

- ▶ Great photos get attention, so take lots of photos of Lions serving and smiling. Get close when you're photographing for the best images.

3

Promote your membership events

Your club can do more good with more members. Promoting membership events to the community is a great way to make sure that caring men and women show up at your events.

QUICK TIP

- ▶ Don't forget that every service project and club event is an opportunity to find new members.

Engage Your Community with Facebook

There are a lot of great social media platforms that can help you promote your club, but Facebook is the biggest. If your club doesn't have a Facebook page, now is the perfect time to create one! It's a great way to promote projects and events, and share photos and connect with members, potential members and partners.

Create Facebook "Events" for your projects

Facebook allows you to create special "Event" pages that can help you raise awareness of a project, invite friends and family, and provide updates to those who RSVP.

QUICK TIP

- ▶ Include keywords in your Event title and description so that Facebook users can find it easily when searching for events in your area.

Post photos and stories

Don't just tell people what you're doing—show them. Post photos of your events, your service projects and your members so people can see your service in action.

QUICK TIP

- ▶ Quotes and testimonials from the beneficiaries of a service project are a powerful way to show how you're making a real difference in the lives of the people you serve.

Build your community

Use Facebook as a networking tool to connect with your community. Extend your reach by engaging with partner organizations and local businesses. Invite members to like your page, and encourage them to share posts to their personal profiles. Use messages and comments to communicate directly with potential members. Build your club's brand as a difference-maker in the community.

QUICK TIP

- ▶ Make social media a team effort! Assign multiple admins and editors to your Facebook page so others can access and collaborate.

Leverage the Power of the Lions Brand

The Lions brand is one of the most recognized in the world. It helps define who we are. Here are some ways that you can leverage the Lions brand to enhance your own.

Use marketing materials to get the community's attention

Fliers, ads and handouts help get people to your projects and membership events. Be sure to include your contact information and the Lions logo on your materials. Post fliers and posters in public places and local businesses, and be sure to have materials on hand to give to potential Lions who attend your events to help recruit new members.

Wear Lions gear to show your pride

Encourage members to wear their Lions gear while serving in the community. This is one of the most powerful ways to promote the Lions brand.

Be a brand ambassador—everywhere

As the marketing communications chairperson, you are the club's brand ambassador. But it's important to remind your members that each one is also a brand ambassador who represents your club. So be sure that members share the impact, pride and joy of being a Lion with others.

Lionsclubs.org is your place for marketing resources

Get logos, brand guidelines, videos, social media guides and everything else you'll need to succeed at lionsclubs.org/marketing!

QUICK TIPS

- ▶ Promote all major club events. This includes before, during (on social media) and after.

A little planning goes a long way. Think about what you want to accomplish, who you want to reach, and the best way to do both. Set some realistic goals to stay on track.

Collaborate with key club members. Work closely with your membership chairperson and service chairperson to help promote projects, events and success stories.

Keep your club posted on your progress. Report your efforts at club meetings, and explain how your club benefits from good public relations and marketing.

Most of all, have fun!

Welcome to Virtual Deaf & ASL Camp!

Due to all that has happened this year with the Coronavirus pandemic and closings, they have moved Deaf Camps INC outdoor camp to a virtual platform! The campers' health and safety are their top priority. They are still committed to promoting the physical, spiritual, and social development of Deaf/hard of hearing children and children learning American Sign Language.

Yes, it will be different, but they look forward to the new and exciting memories and activities they will share through their virtual Deaf Camps Inc. this year! Participation is FREE!

How will this work?

The participants who register online will receive an email **Sunday Aug. 2nd** with a link. Once they click that link, they will be taken to the virtual campground. They will see different parts of camp through the different pages. On each page, look around for the pictures of people or things and click on that - it will take you to the different activities. Different activities will be uploaded daily with new activities and opportunities to connect with other fellow campers!

Each day, they will be able to upload and share activities and progress on Flipgrid for other campers and counselors to see. The virtual campground will have a how-to powerpoint to help introduce that system.

WHAT ARE CLUBS DOING DURING THE COVID-19 PANDEMIC?

Submitted by DG Barbara Brimgion

This will be a monthly article in the 22W District Newsletter. Clubs are asked to read and get some clever ideas from other clubs and to implement them during the pandemic. Clubs are asked to submit more ideas to the District Newsletter Editor Phyllis Thompson each month.

Let's help everyone to serve safely. Remember your mask and social distancing while you serve. Serving safely means taking care of others **AND** yourself.

1. Clubs are meeting outside in parks, outside at local fire dept carnival grounds with masks and social distancing. Meetings are short and meals are optional. Some members are bringing their lawn chairs to maintain social distancing.
2. Clubs are also holding both general business meetings and board meetings on teleconferences with only the use of a phone. After signing up for the free service, you send out the special telephone number and access code to each member and start talking. This is the easiest to do with club members who have no computer. Contact your region chair for help.
3. Clubs are also holding both general business meetings and board meetings by video conferences using Zoom. There is a free plan with a limit of 40 minutes. Check it out online. Although it is easy to conduct a Zoom meeting, please remember that you can always contact the district for help. We are here to help you.
4. Clubs are collecting and donating canned goods for local food banks.
5. Clubs are donating care packages to homeless shelters.
6. Clubs are collecting canned goods and having pop-up food pantries outside at shopping centers with needy people staying in cars to collect the care packages.
7. Clubs are donating food to firemen, first responders, policemen and "front line staff" at the hospitals.
8. Clubs are donating face shields and masks for local distribution, including medical facilities and nursing homes.
9. Clubs are reaching out to veterans and neighbors (in a safe manner) to see if they are okay and if they need any help that the club may be able to offer.
10. Clubs are sending "Thinking of You" cards to veterans, residents of nursing homes and at assisted living facilities.
11. Clubs are conducting yard sales.

CLUB VISITATION

Submitted by DG Barbara Brimigion

Take advantage of the nice weather while clubs are meeting outside and make a club visitation now instead of waiting later in the year in case the pandemic gets worse and we can't meet at all.

Give clubs a call to see if they are meeting outside. Some clubs are not having a meal. Some clubs are dropping to only one time a month during this pandemic so be sure to call them.

Some clubs are meeting by Zoom. You can stay in the comfort of your home and meet with the clubs. Give them a call and they will send you the link or telephone number and the access code to join in.

Ask their club secretary to send an email to your club with the names of the two guests. The district will accept this in place of a face-to-face meeting.

CLUB VIRTUAL MEETINGS

Submitted by DG Barbara Brimigion

There are clubs that will have difficulty getting a meeting location in the Fall. Some facilities may not be open to accommodate the size of our Lions Clubs.

Outdoor meetings will work for a while. As we move later in the year with cooler weather and less daylight, outdoor meetings may no longer be an option.

Please consider learning how to do a teleconference or video conference by Zoom. Please contact your zone chair or region chair so the district can help you. It is really an easy task. Let us all stay in touch with our members to keep them interested in remaining as a Lion.

POP UP PANTRY

Submitted by Lion Don Champ

Many families are struggling financially during this pandemic and a little help with groceries is temporally needed by many. Thankfully, several organizations throughout Carroll County have stepped up to operate pop-up food pantries to provide groceries to families during this difficult time.

The Freedom District Lions Club (FDLC) gladly committed to operating a pop-up pantry at Eldersburg Commons, in the parking lot near Petco, for 10 weeks beginning on June 7th through August 9th – at which time they will reassess the community need to continue the free food distribution.

Carroll County's Community Organizations Active in Disasters (COAD) had approached the FDLC about providing this service and they gladly agreed. Groceries and milk are donated and the Lions set-up and operate the free pantry from 11 am to 1 pm every Sunday during the time period mentioned earlier.

Pictured (left – right) are: Jim Moore, Chairman; George Barnhart; Ellen Dix; Ed Rothstein; Bob Leatherwood and Chris Centofanti at the June 21st pop-up pantry. FDLC Lion Ann Kramb took the picture.

THURMONT BENEFIT BREAKFAST FOR LUKE BRADLEY

Submitted by Lion Doug Favorite

The Thurmont Lions Club will be having a first of its kind benefit breakfast on Saturday, July 18th at Bell Hill from 7-11 am. All items will be individually packaged in carry out containers. Picnic tables will be available with social distancing measures in place, similar to our pit sandwich sales. Discounts will be offered when you buy multiple items, so the more you buy, the more you save.

This event is being held as a stop-gap measure for the family of Luke Bradley. Our original benefit breakfast back in March had to be cancelled due to COVID-19 emergency, and the hope is to have a full benefit breakfast in the fall. This is NOT taking the place of that event; but, rather it is intended to help hold the family over until the next regular breakfast can be held.

We need to draw a big crowd to raise money for this very worthwhile cause; so please tell your friends and family to come out to support this important fundraiser. As the first time for this kind of event, supplies will be a complete guess, so we will continue until we sell out.

Lion George Barton is in charge of Lions activities for residents of Homewood Health Care center. Since the pandemic of coronavirus, no activities could be scheduled. Residents are quarantined to their rooms and cannot have visitors. However, the director of activities at Homewood, Shannon Naylor, suggested that the Lions provide greeting cards to let the residents know that we were thinking of them and give them our support during this difficult time.

Thanks to the generosity of the Williamsport Lions, Georgia was able to drop off 46 cards to Shannon. She also received monetary donations to purchase snacks for the residents. WESTMINSTER COMMUNITY ACTIVITIES

FOOD FOR THE HUNGRY—The Westminster Lions Club is continuing to support various local efforts to provide food and supplies to residents who have been impacted by the loss of their jobs and income due to the pandemic.

Lions Barb and Bob Hayes have been collecting and distributing items to Grace Lutheran Church and Carroll County Food Sunday, the food pantry at the Safe Haven Shelter. They have also collected pet food for the Humane Society.

We received a \$1,000 grant from the Kahlert Foundation to provide additional groceries for the food pantries and the Humane Society.

In addition we have applied for additional grant moneys available from Carroll County through the Federal Emergency Food and Shelter Program;.

FREE SHREDDING EVENT: Originally the event was scheduled for April 4 but the date was changed until Saturday, June 20th. This is the first time we have run such an event and it was **fantastic!**

We managed to beat the rain and had a crowd of people come to bring us their documents for shredding. In total we served 108 cars and shredded 7,200 pounds of paper. Although the event was free, participants donated approximately \$1,131 to the Lions Club. A huge "THANK YOU" to Lion Richard Hosfeld for both organizing the event and donating the fee to the shredding company.

But wait – there's more! At the Shred event 487 items were donated for veterans in need including canned goods, non-perishable foods, and personal care and hygiene items.

We also took in more than three dozen eyeglasses for the Vision cause.

Additionally, the couple who run the shredding company took membership applications to join the club. Thank you to all the Lions who helped.

We needed a chance to get out and this was an awesome event!

LIONS VISION RESEARCH FOUNDATION

"Virtual" Golf Tournament

Our annual golf tournament had to be cancelled due to the on-going coronavirus pandemic. In an attempt to mitigate the financial impact on our fundraising, we are having our first ever "Virtual" Golf Tournament. For a mere \$10, each golfer can make a difference in the lives of legally blind people. This will be a fun event that you can participate in close to **your** home at a time convenient to you and your playing partners.

How it works: Form your own foursome and play at a course of your choosing. Each golfer will play their own ball. The team score on each hole for the foursome will be the lowest score among the four golfers. Teams posting lowest score in relation to par receive prizes.

Cost: \$40 for a foursome (\$10/player)

To enter: Send check with completed registration form on the next page. Play your round between the dates of August 10-24 and send a copy of your scorecard to tournament director at coach13@zoominternet.net (Questions can also be emailed to this address).

Rules: Course must have a minimum par of 70. Golfers should use the following tees: men – white, seniors (over 65) - yellow, women – red. A golfer may play for more than one foursome, but a separate entry fee is required for each foursome.

LIONS VISION RESEARCH FOUNDATION

"Virtual" Golf Tournament

Prizes: The number of prizes will be determined by the number of teams entered, but we are hoping to have at least 5 and will be either gift certificates or cash. The Lions Vision Research Foundation is a 501c3 charity so donations are tax deductible and the proceeds from this event will be directed towards funding an annual fellowship at the Wilmer Eye Institute at Johns Hopkins Hospital.
