

Club Officer Training

As officers, you hold a unique leadership position to empower your club and guide it to success during your term. It is especially important that you **attend** one of the in-person training courses provided by the district to ensure your success.

Courses provide guidance for responsibilities specific to your role within your club. They offer ideas for the planning and implementation of guidelines that help you assess your club's needs, ways to improve opportunities that will help your club grow and thrive, while assisting the District Governor in meeting their goals.

Additional benefits include networking, open discussion with your peers, and receiving answers to your questions immediately. Whether you are a first time President or a long-time Secretary or Treasurer, it is important to **attend** to learn new and exciting ways to help your club.
